**Important Information, Please Read:**

Family Med-Surg Clinic accepts most insurance assignments. As a courtesy to you, we will complete the insurance form so that we will be reimbursed directly from your insurance company. The insurance companies are only obliged to you, "THE PATIENT" not to the physician. However, if we are not paid within (4) weeks or in a timely manner from your insurance, we will bill you directly and expect payment within twenty (20) days. You are expected and required to make a partial payment for services not covered by your insurance company at the end of your visit. Most companies will pay about 80% of the bill, AFTER YOUR CALENDER DEDUCTABLE HAS BEEN MET, leaving you responsible for the remaining 20%. Those patients without insurance are required to pay the balance in full on the date of service. This is required and is our office policy. Those patients who receive three bills without making a payment will then be sent to our Authorized Collection Agency. We charge 25 dollars for returned/cancelled checks and 25 dollars for not cancelling the appointment within a 24 hour notice period. All prescription refill requests will be processed within 48 hours if deemed appropriate by your physician otherwise you will be notified if you need to come back for a follow up appointment before refilling your prescription(s). We are glad to answer any question you may have concerning your visits and payments. If you are having financial difficulties, contact our office and we will arrange a personal payment plan that will meet both of our needs.

- I hereby authorize Family Med-Surg Clinic to furnish information to my insurance company concerning illness and treatment of myself and/or my dependents. I hereby assign benefits provided by my insurance company to the physician rendering these services. I further consent that I authorize to be treated by the physicians and medical staff within Family Med-Surg Clinic. I understand that I am responsible for any patient charges not covered by my insurance.
